

PROJECT TITLE: DOCUMENTATION WORK

OUR CONCERN AND SOLUTION

While moving to Denmark students are always struggling with registration and documentation work. We are focusing on helping out to go through this process.

Firstly, when settling down in Denmark students have to obtain a Residence Permit and CPR number which is unique ID number for every resident.

To accomplish this, people have to go through several steps. Our solution will be a “tutorial” game where new students get knowledge about required documents while getting rewards for accomplished tasks.
